

Levels of Practice for Nursing & Midwifery

Level of Practice	Role Overview
2	People at level 2 require basic factual knowledge of a field of work. They may carry out clinical, technical, scientific or administrative duties and provide safe, effective, person-centred care under the direction of a registrant.
3	People at level 3 require knowledge of facts, processes and general concepts in a field of work. They may carry out a wider range of duties than the person working at level 2 and will have more responsibility, with supervision by a registrant.
4	People at level 4 require factual and theoretical knowledge in broad contexts within a field of work. Work is guided by standard operating procedures, protocols or systems of work and they may have responsibility for supervision. BSc (Hons) or MSc to Registered Nurse and Registered Midwife.
BSc (Hons) or MSc to Registered Nurse and Registered Midwife	
5	People at level 5 will have a comprehensive, factual and theoretical knowledge on registration. They use knowledge to solve problems creatively, make judgements which require analysis and interpretation, and actively contribute to service development, supervision or training.
6	People at level 6 require a critical understanding of detailed theoretical and practical knowledge, are specialist and/or have management, education and leadership responsibilities. They demonstrate initiative and creativity in finding solutions with responsibility for team performance and development.
7	People at level 7 have a critical awareness of knowledge and issues in the field and at the interface between different fields. They are innovative and have a responsibility for developing and changing practice and/or services in a complex and unpredictable environment.
8	People at level 8 require highly specialised knowledge, some of which is at the forefront of knowledge in a field of work. They are leaders with considerable responsibility, and the ability to research and analyse complex processes. They may lead policy, research, education or service delivery and improvement and have clinical, management or education responsibilities.
9	People working at level 9 require knowledge at the most advanced frontier of the field of work and at the interface between fields. They will have responsibility for the development and delivery of a service to a population or leading research at the highest level of the organisation.
